KINETIC TENSION SURFACE

Reach the extremes of acceleration and speed with an extreme tension and explosive topsheet. The Kinetic Tension Surface is perfect for high pace exchanges, also offering enhanced grip contact for impressively dynamic results.

DANIEL HABESOHN

2x European champion in doubles
plays DYNARYZ INFERNO

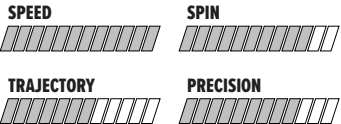

DYNARYZ INFERNO

RUBBERS

Reach the extremes of acceleration and speed with an extreme tension and explosive topsheet. The Kinetic Tension Surface is perfect for high pace exchanges, also offering enhanced grip contact for impressively dynamic results.

RRP 69,90 €

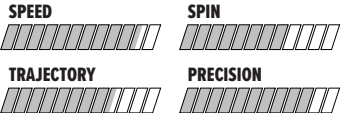

DYNARYZ ZGX

RUBBERS

An extremely grippy offensive rubber of the latest generation! The Hyper Traction topsheet generates maximum spin, while the Hyper Bounce sponge provides concentrated power. The innovative pimple structure causes a high arc trajectory, which drastically increases your margins of safety!

RRP 64,90 €

TRONIX SERIES

GIGA-CELL SPONGE

Harness the explosive catapult effect of JOOLA's Giga-Cell Sponge! This thick and large pored sponge offers an eruptive reaction for all your offensive table tennis techniques, along with a higher arching trajectory for exceptional accuracy for your aggressive game.

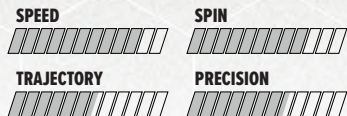

TRONIX ACC

RUBBERS

An outstanding medium-hard rubber with an elastic topsheet for heavy spin revolution, and large-pored Giga-Cell Sponge for exquisite balance and high arch catapult effect. Tronix ACC is a high energy rubber which brings out the best in your topspin game!

RRP 49,90 €

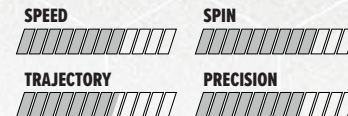

TRONIX CMD

RUBBERS

Perfect for close-table control and counter-offense. Giga-Cell Sponge provides excellent catapult effect, while the top sheet assists to execute great variations and a controlled spin offensive. This results in superb feeling, great topspin arc and consistency at faster pace encounters.

RRP 49,90 €

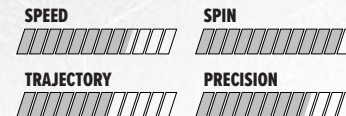

TRONIX ZGR

RUBBERS

Bring heavy spin and power into your game with optimal precision! Tronix ZGR combines an extremely grippy Hyper Traction Surface with a firm and unwavering sponge, perfect for players who opt for maximum ball redation and powerful direct energy transfer in their offensive game, while providing steady levels of control against incoming attacks.

RRP 49,90 €

TEZZO WARRIOR

BLADES

The Warrior stands strong and confident, a 7 ply inner layer KL-c blade with limba top layer creates a solid, yet reliable, trampoline effect to bring great feeling to your aggressive game and exponential speed output.

RRP 99,90 €

SPEED	CONTROL	ACCURACY
HARDNESS	FLEX	

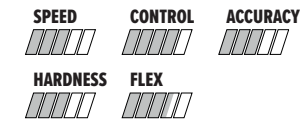

TEZZO GUARDIAN

BLADES

The Guardian holds its ground in battle, optimal control and feeling from it's all-wood composition provide superb consistency, while the flexible 7-ply composition adds a sting on attack.

RRP 59,90 €

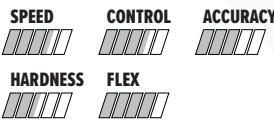

TEZZO PALADIN

BLADES

The Paladin leads the crusade with tempered wisdom, a unique combination of soft inner layer 3K-sc gives a high vibration feel and exceptional blade flex. With 7 plies and a limba top layer, the Paladin blade is the perfect pairing for firmer rubbers, creating a soft - yet springy effect for ease of play.

RRP 59,90 €

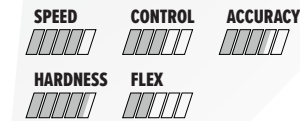

TEZZO SPARTAN

BLADES

The Spartan is a force to be reckoned with, the fastest and most powerful blade of the Tezzo series. With a solid Kiri core and an outer layer KL-c, this blade offers a crisp and direct contact shielded by a limba top layer to maintain optimal touch.

RRP 84,90 €

RAFAEL TURRINI
